# Learn

slope

electric shock

darkness

Tips: 1. Have students read the words twice;  
2. Make sure that students understand the meaning of these words. (2 min)

There are many kinds of jobs around us. Some are dangerous!

# Learn

## construction worker

Ed's father is a construction worker. He often does his job on uneven surfaces high above the ground. Falls are their most common cause of death. Electric shocks, loud noises, high and low temperature, and incorrect lighting can also be dangerous to construction workers.

# Practice

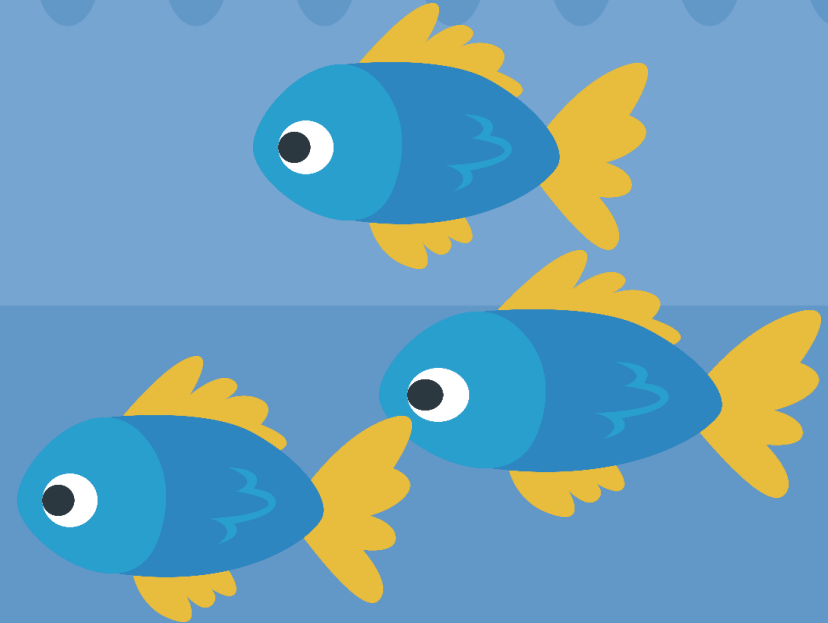

Answer the questions.

What does Ed's father do?  
Why is the job dangerous?

---

---

# Learn

## lumberjack

Sara's father is a lumberjack. The slopes of the mountains on which most logging is done make his work quite dangerous. Most deaths occur due to equipment failure and trees falling on workers.

Tips: 1. Have students learn and read the paragraph. 2. Correct the mistakes. 3. Ask more questions, for example, “Do you think it is a dangerous job?” (2 min)

# Practice

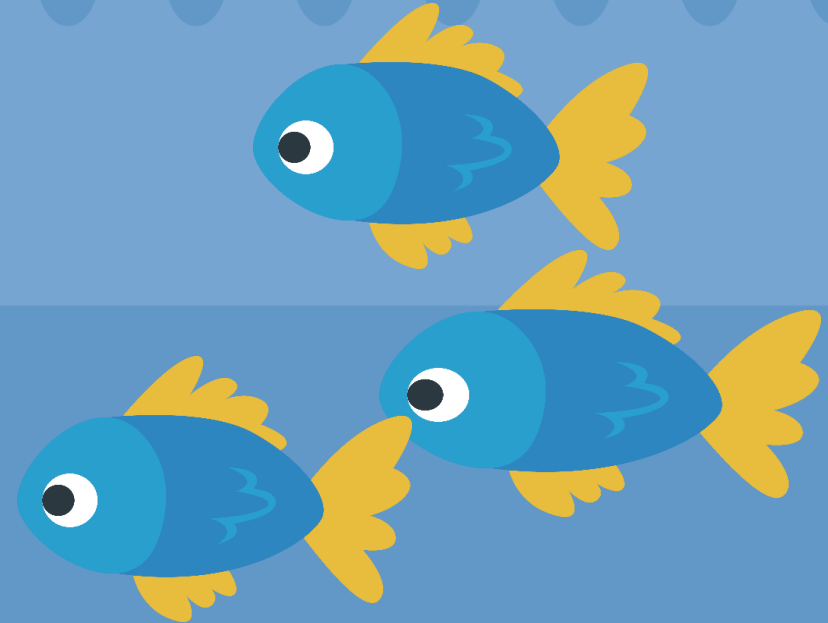

Answer the questions.

What is Sara's father's job?  
Why is it dangerous?

---

---

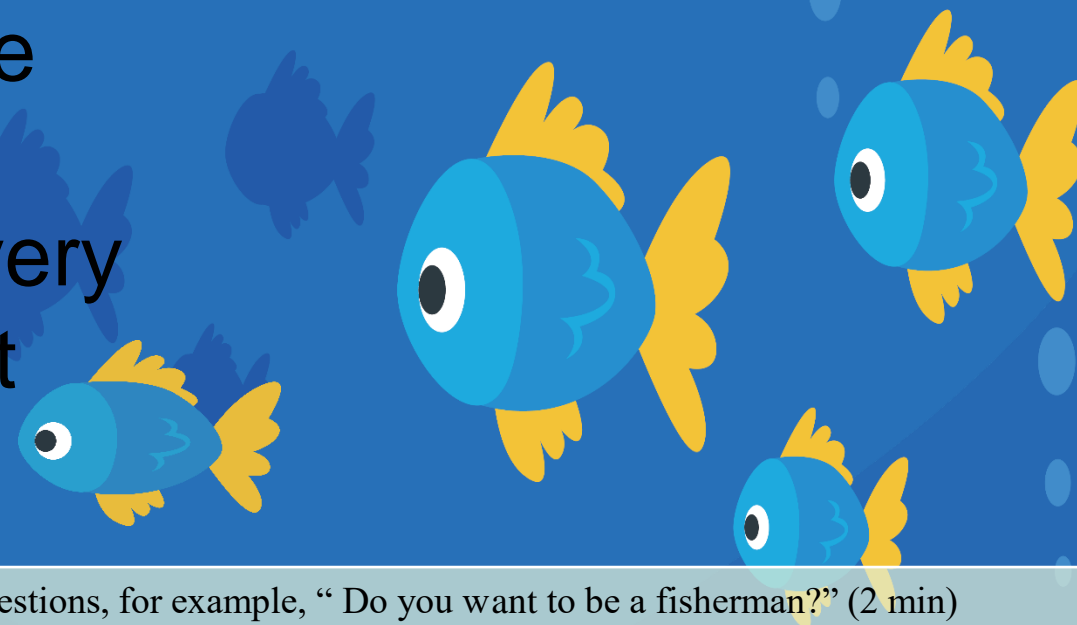

# Learn

## fisherman

Michael's uncle is a fisherman. Working in the fishing industry is one of the most dangerous jobs in the world. He has to work long hours every day, sometimes in darkness, without having breaks.

Tips: 1. Have students learn and read the paragraph. 2. Correct the mistakes. 3. Ask more questions, for example, “Do you want to be a fisherman?” (2 min)

# Practice

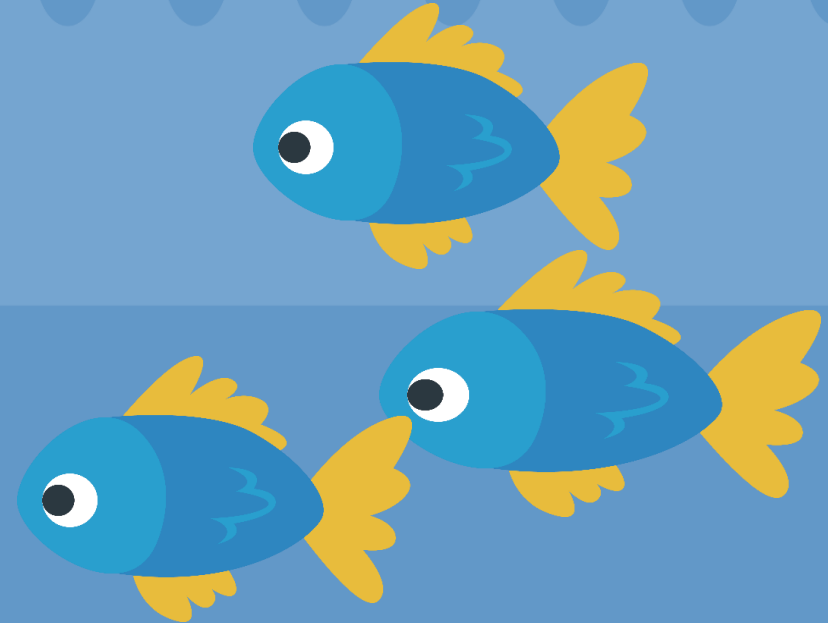

Answer the questions.

What does Michael's uncle do? Why is it a dangerous job?

---

---
