

**They Are a  
Pigeon Pair**

**G4-U1-L3**

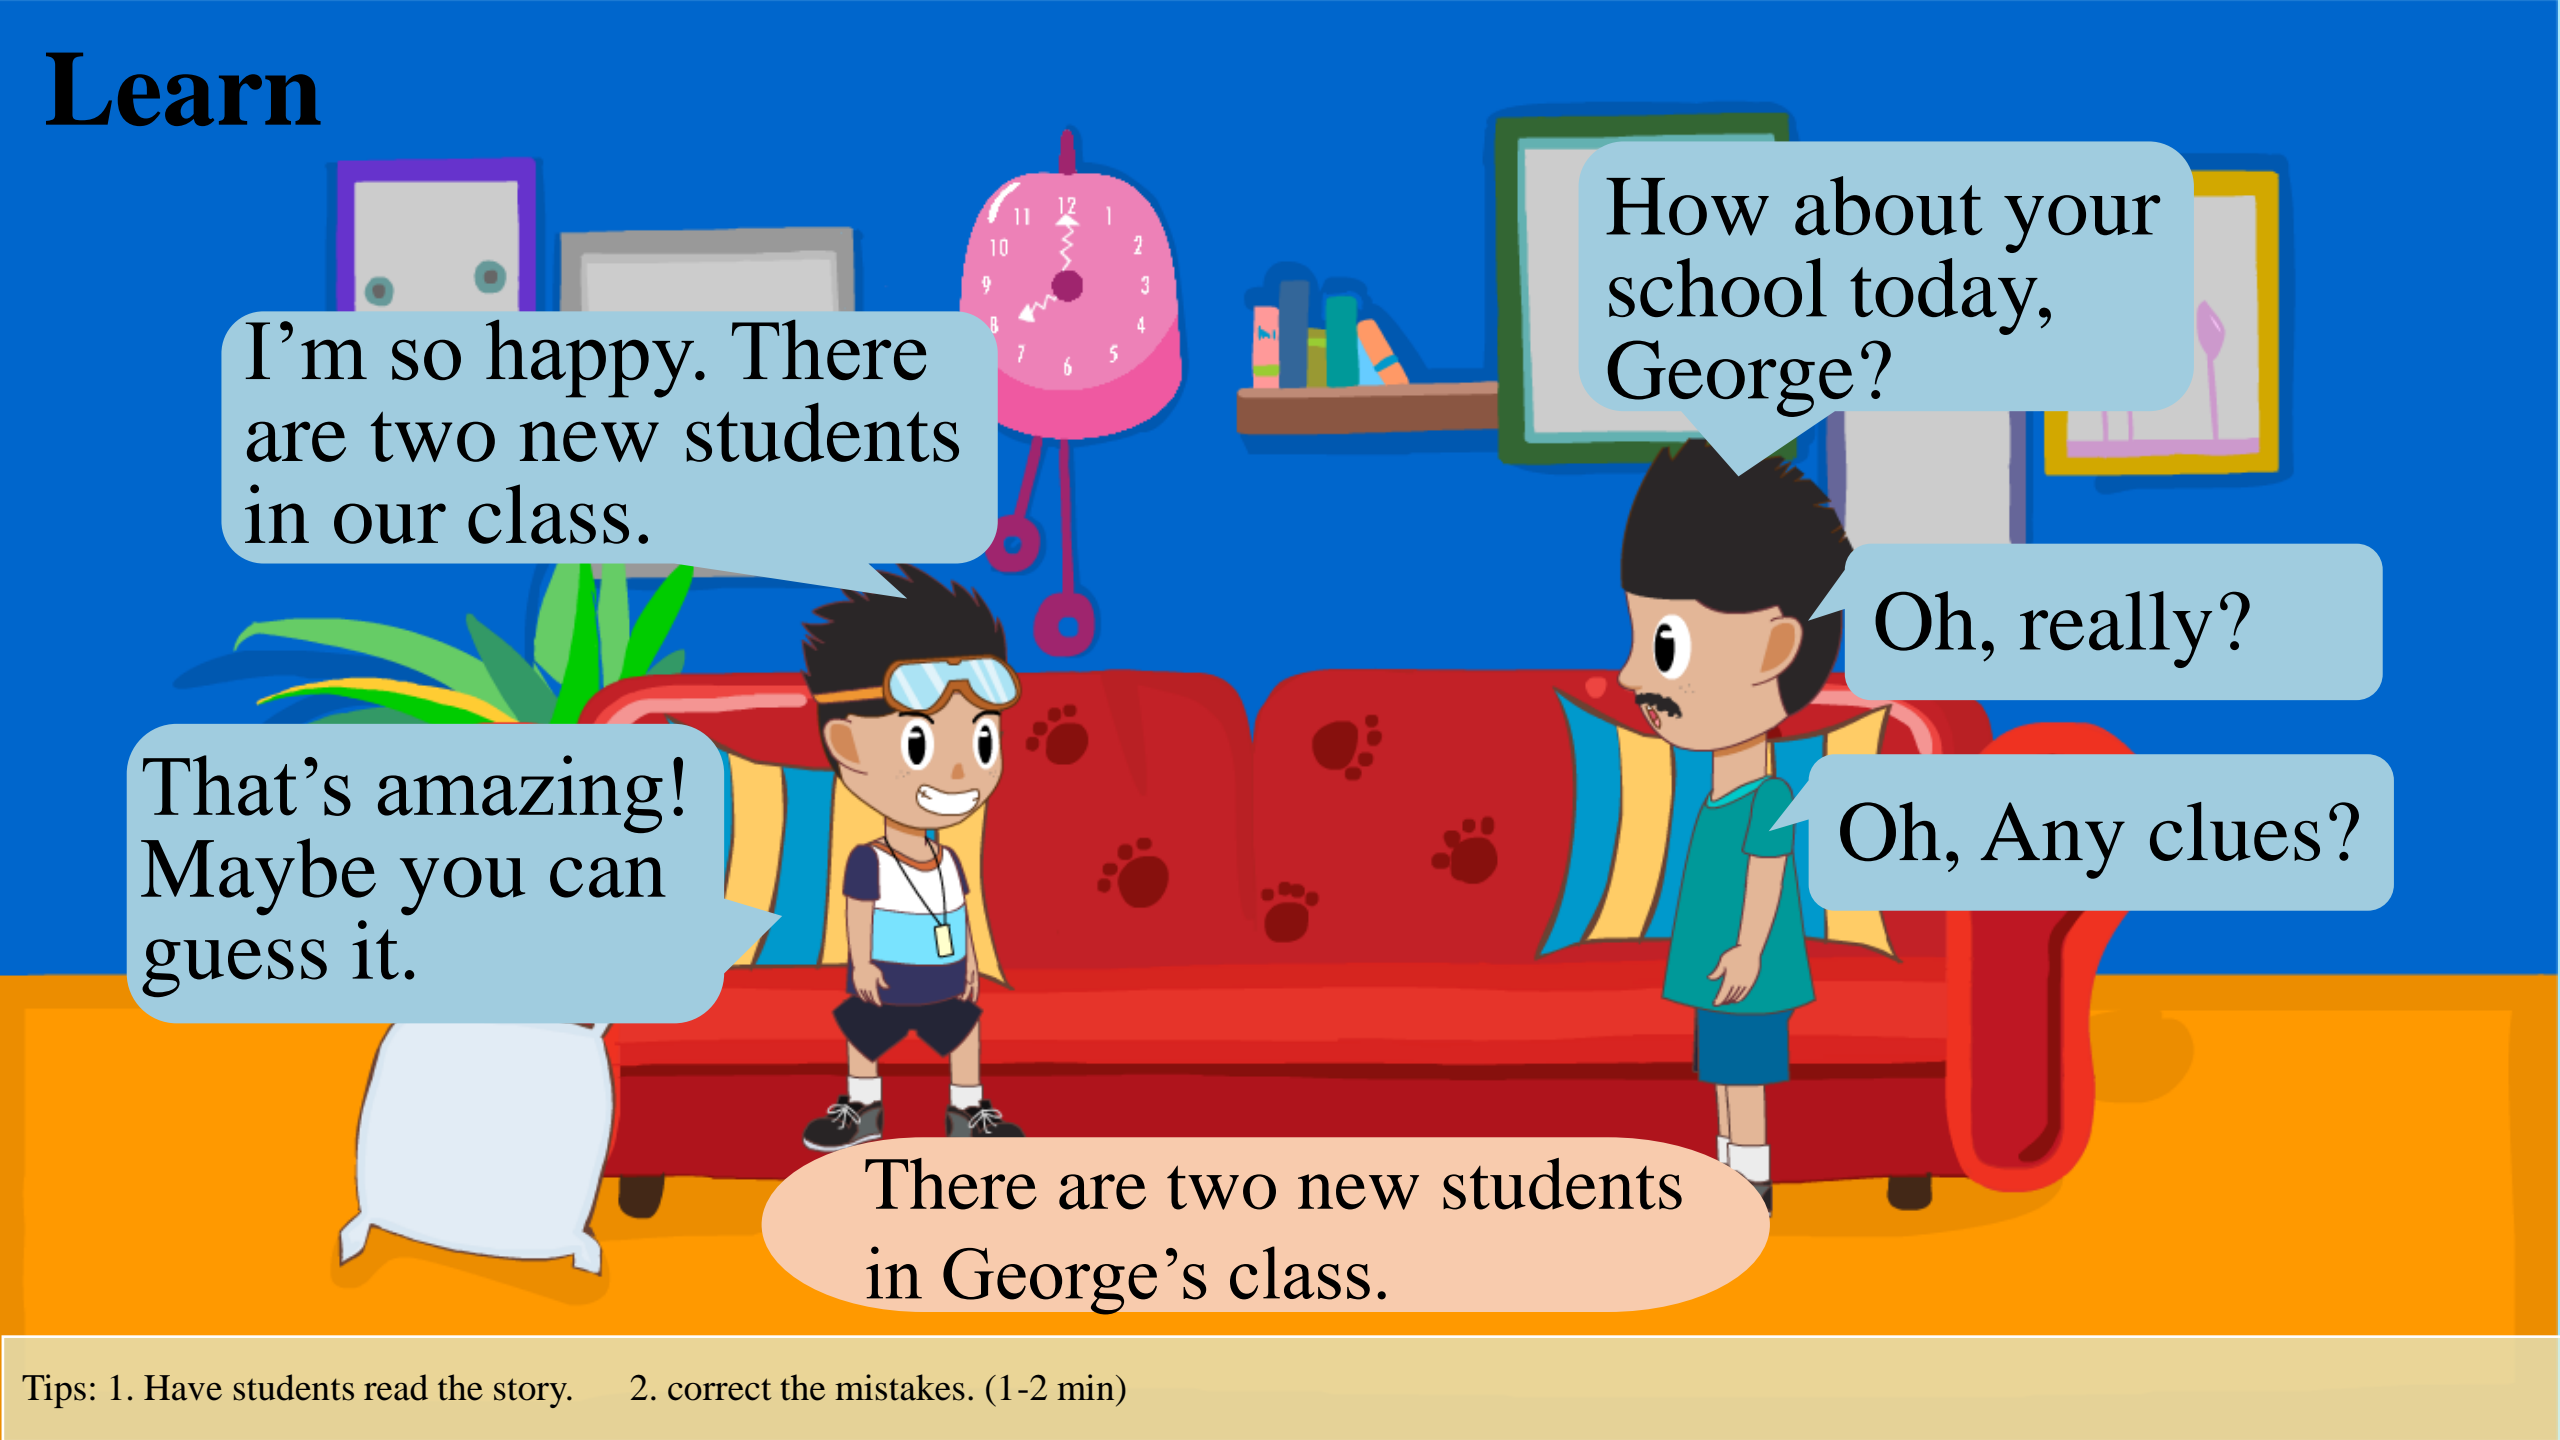

# Learn

We are **twins**.

They are a **pigeon pair**.

# Learn

An illustration of a classroom scene. Two boys are standing on a red sofa with yellow and blue cushions. The boy on the left is wearing a white and blue shirt, dark shorts, and goggles on his head. The boy on the right is wearing a teal shirt and blue shorts. In the background, there is a pink clock, a shelf with books, and a framed picture. A white dog is partially visible on the left.

I'm so happy. There are two new students in our class.

That's amazing! Maybe you can guess it.

How about your school today, George?

Oh, really?

Oh, Any clues?

There are two new students in George's class.

# Learn

They both have blonde hair. One is short and another has long hair. Their characters are totally different. One is outgoing and another is a little shy.

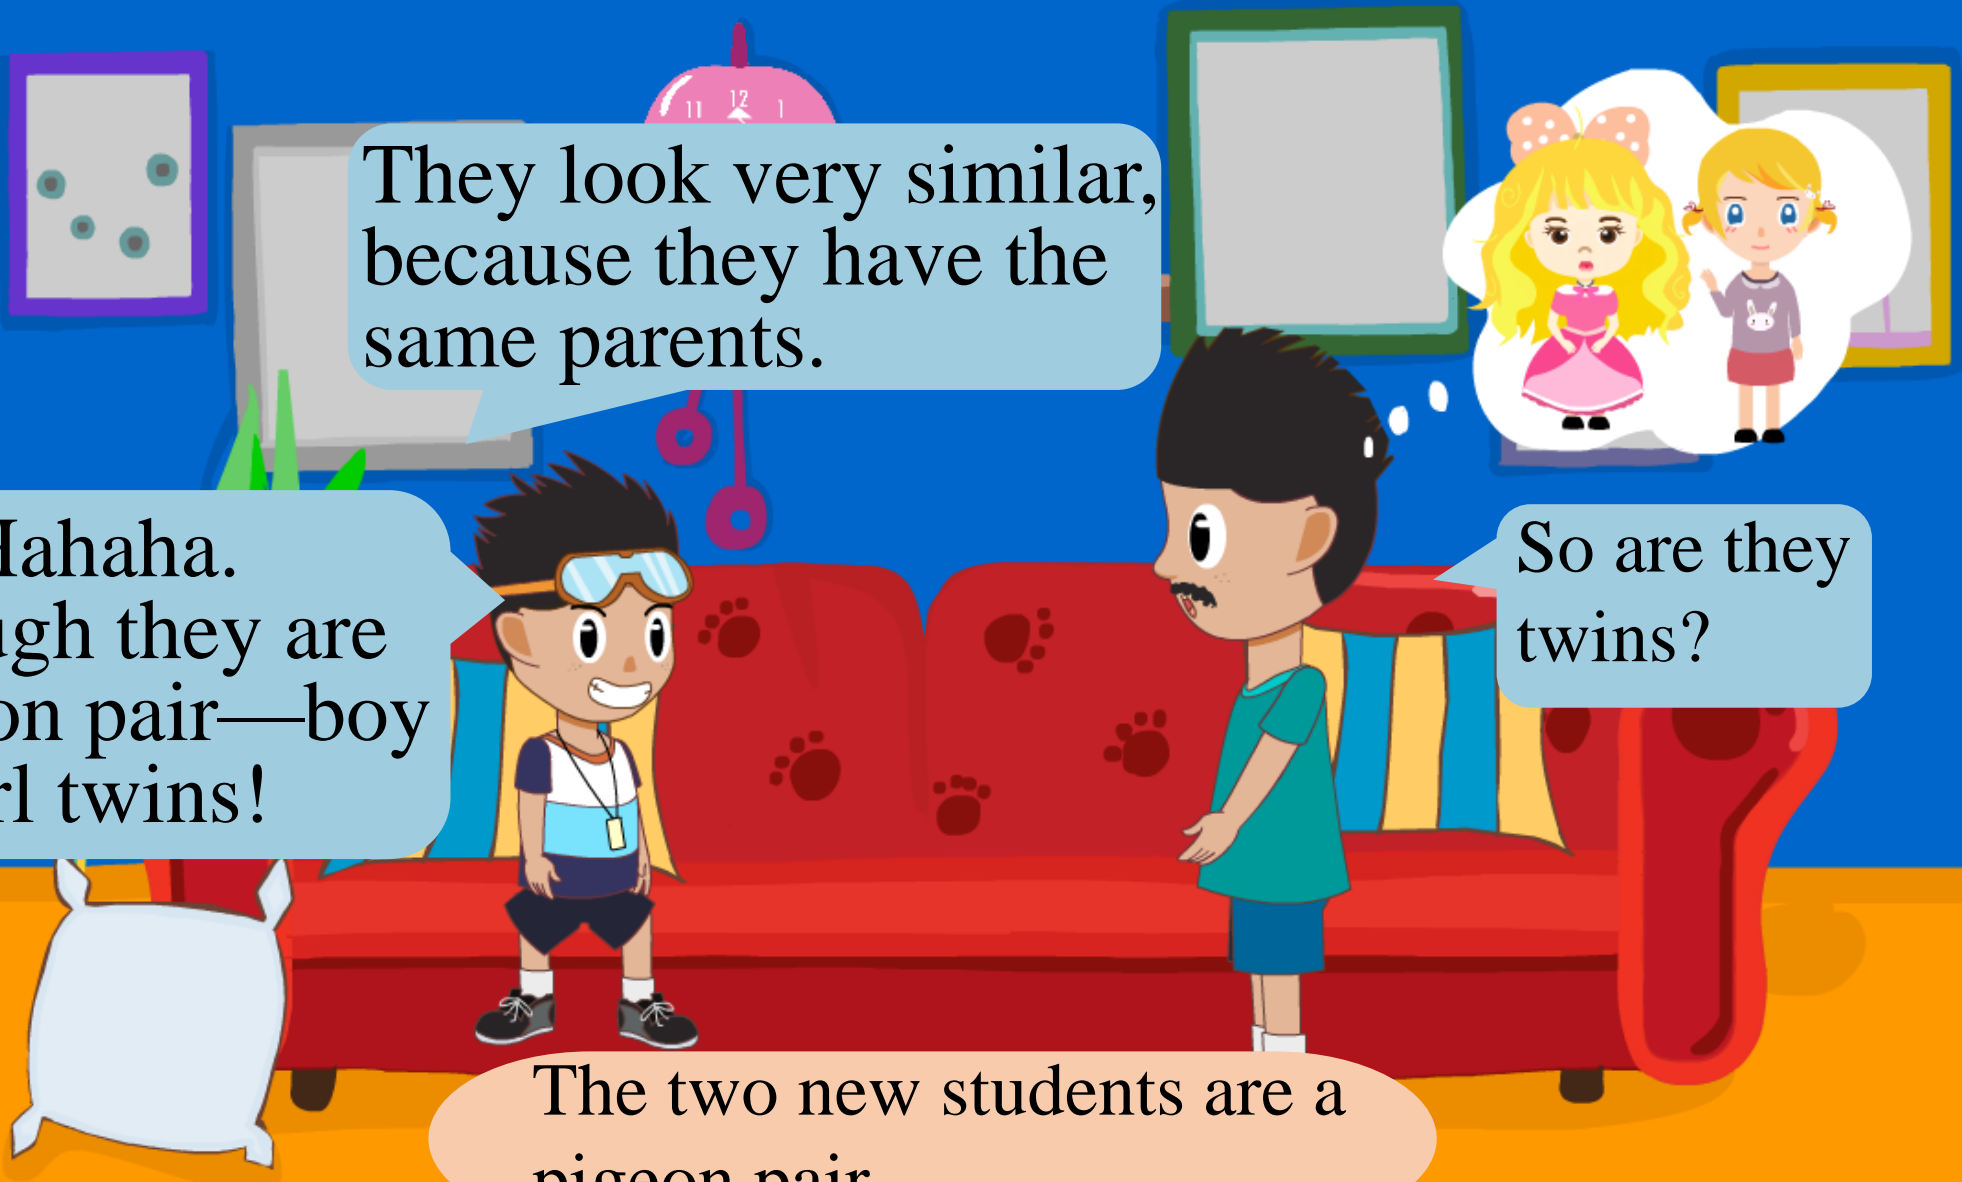

Oh?

The two new students look the same.

# Learn

They look very similar,  
because they have the  
same parents.

Yes, Hahaha.  
Although they are  
a pigeon pair—boy  
and girl twins!

So are they  
twins?

The two new students are a  
pigeon pair.

# Practice

Choose T for True and F for False.

The new students look the same.      T      F

01
